

„CASTELEIRO ABOGADOS“ is a law firm with Spanish, English and German speaking lawyers, specialised in civil law, renting law, real estate law, family law, insurance law, trade- and patent law as well as in the establishment and registration of all types of companies.

Mr. Ignacio Casteleiro Cullen, the senior partner, has been practising law since 1992 in Spain and the Canary Islands, and he is also member of international lawyers associations like the IBA, PEOPIL and IURISPAN.

Concerning the real estate law, our lawyers will act on behalf of our clients and represent them if they wish to buy or sell a real estate property. To comply with this, they will undertake all steps related to their instructions, like to obtain the N.I.E. number, draft options of purchase or reservation contracts and powers of attorney, check the legal situation of the property as well as the existence of seizures or mortgages at the corresponding Land Registry and cancel them all before buying the client's property.

Our lawyers will assist our clients before the Public Notary, and will draft and translate the purchase deed into one of the languages mentioned before, and in general, they will do whatever acts or documents would be necessary to comply best with our clients' instructions.
